A More Comfortable, Elegant, and Hygienic Bathing Experience

See Our Impressions Line of Flush-Mounted Fittings

NuWhirl offers manufacturers attractive and functional design with **Impressions**, our line of **flush-mounted fittings** for whirlpool bathtubs. This innovative collection lets bathers rest more comfortably against the tub's surface, and select models, including EnviroJet, offer V-Venturi plumbing that can improve drainage and maintain clean water lines.

Greater Comfort. Unobtrusive fittings allow bathers to relax against the tub's surface.

Modern Aesthetics. U.S. patented, Bauhaus-inspired design combines art and technology.

A More Hygienic Tub. Select models, including EnviroJet, have an optional V-Venturi configuration that can assist drainage and inhibit bacterial growth in water lines.

Quality Safeguards. Reliable check valves help keep water out of air lines.

Adjustable Fittings. Bathers can change the direction of Micro Jets and the flow / direction of nozzles.

Customizable Color. Fittings come in both chrome and porcelain white with custom colors available upon request.

NuWhirl offers the best engineering, sales, and customer care in the whirlpool bath industry, with no minimums and expedited order processing available.

Improve Comfort, Aesthetics, and Cleanliness with Impressions

About NuWhirl Systems Corp

NuWhirl is a leading supplier of quality whirlpool bath components and high-performance pumps. Our capabilities in engineering, manufacturing, and service have earned our excellent reputation among bath manufacturers and custom marble and granite bath shops.
