Boulder Canyon Golf Club

The Black Hills Golf Course

<<RESERVE YOUR TEE TIME<<Opens booking tool>>

{Introduction Section}

For 75 years, Boulder Canyon has been
Where Everybody Plays

Golf is supposed to be fun. Boulder Canyon has always championed that belief. Now entering its 75th year, our course is more welcoming, adventurous, and inspiring than any other in the Black Hills.

An inviting challenge

Boulder Canyon is an 18-hole, par-72 championship golf course. Play is open to the public and tests golfers of all skill levels.

A spectacular layout offers stunning panoramic views with every shot. As you walk the fairway, joking with your friends or following up your drive, take it all in. Immaculate greens. Wild grass meadows. Ponderosa pines lined up like gallery spectators.

Play with nothing more on your mind than the beauty surrounding you, the next shot in your game, and having a great time.

{Interactive map}

Near everything. Away from it all.

Boulder Canyon Golf Club provides the most convenient location of all the Black Hills golf courses.

Our setting is bounded by the Black Hills National Forest, with only the breeze and nature's accompaniment to set the rhythm for your game. Still, we're close to everything you want.

The course is 10 minutes from Deadwood and Sturgis and a short, sight-filled drive from Rapid City and Spearfish. We are accessible from two airports, within easy reach of major roadways, and alongside the area's top options for entertainment.

<p>Have your best day with us</p> <p>Boulder Canyon Golf Club has a culture that's professional, relaxed, and friendly. If it's your first time visiting, we want you to be as comfortable as long-time members. If you're a beginner, you should have as much fun as competitive players.</p> <p>We invite you to ask us questions. Tell us how we can make your experience even better. And after you finish your round, sit out on the sunset deck, enjoy a drink or a meal, and take in the beauty of the Black Hills National Forest. Then, book your next tee time with us.</p>	<p>{image}</p>
