Why Bathtub Manufacturers Love NuWhirl Trim Components

Our Comprehensive Line of Whirlpool Bath
Fittings, Manual Controls, and Jets

Customizable Configurations

Give customers a unique bathing experience with hundreds of combinations of sizes, colors, and features.

Elegant and Intuitive Design

Visually pleasing, simple-to-use components help drive sales by creating a more inviting and relaxing bath.

Exceptional Value

Easy installation and reliable components reduce labor, construction, and warranty costs for bath manufacturers.

Impressions Flush-Mounted Fittings

Combining Attractive Style with Unparalleled Comfort

The flush-mounted Impressions line features beautiful, Bauhaus-inspired design that lets bathers rest comfortably against the tub's surface.

Multiple styles and custom colors are available. Suction fittings are cURus certified, and select models offer a jet body venturi configuration for improved drainage and cleaner water lines.

Manual Controls

Air Buttons

Air buttons come in a variety of heights and appealing finishes. Labeled buttons have durable, pad-printed text that simplifies controls with color coding, like blue "Water" and yellow "Light."

Small ABS-XX [To Provide: Dimensions]	Dimensions]	"Light" Tall Printed ABTL-XX
	"Air" Tall Printed ABTA-XX	"Micro" Tall Printed ABTM-XX
Standard AB-XX [To Provide: Dimensions]	"Drain" Tall Printed ABTD-XX	"Water" Tall Printed ABTW-X
Tall ABT-XX [To Provide:	"Heat" Tall Printed ABTH-XX	

Air Controls

Air controls let bathers increase or decrease therapeutic pressure from the jet line. Parts are available in multiple colors and sealed against leaks.

Silent Air Control SAC-XX

Silent Air Control with ½ Elbow SACL-XX

Diverter Valves

Select from among cap finish options and port models. Valves with pad-printed text are 100% customizable with low minimum order requirements.

2 Port, Teardrop DV2T-XX

Printed 3 Port (Legs, Back, Both), Teardrop DV3TP-XX

3 Port, Teardrop DV3T-XX

Printed 3 Port (Foot Jet, Back Jet, Both), Teardrop DV3TP-XX

Aromatherapy

Maximize the whirlpool experience by giving bathers a simple way to create personalized scents.

Aromatherapy Kit, Hiwing Cap ATH-XX

Twist n' Flow Water Controls

NuWhirl's Twist 'n Flow lets bathers easily change the intensity of water jets with a deck-mounted control.

Classic Jet Components

Jet Faces

Our attractive and functional collection includes several different grips, sizes, colors, and controls.

Wall Fittings

Fittings are fully threaded for a secure connection and constructed of durable ABS material.

Jet Body Venturis

An optional "silicone injection port" reduces the silicone needed and cuts down on clean-up time for quicker, less costly manufacturing.

Safety Suction

Promote a comfortable and safe bath with reliable components that are IAPMO and cULus certified. Bodies, covers, and elbows are available with and without integral check valves.

Micro Jet Assemblies

NuWhirl's smallest therapeutic Micro Jets are ideal for whirlpool seats and back rests. Our complete assemblies provide no-hassle installation and have a stylish and contemporary design.

Zone Master (Large 8cm Diameter)

Zone Master is NuWhirl's largest and most powerful whirlpool bath jet. Its flexible directional nozzle has a wider range than standard jets and adjustable intensity up to 7.4 GPM.

Build Great Bathtubs Better with NuWhirl Trim Components

NuWhirl Systems Corp is a leading producer of innovative and attractive bath parts, including our high-quality trim components.

We make it easy for bath manufacturers to transition to NuWhirl. It's one of the reasons nearly 70% of the industry partners with us.

Manufacturers choose NuWhirl because our components have the design, features, and reliability their customers want. We also:

- Maintain a lead time of five business days with all parts.
- Place no order minimums on standard products
- Offer free freight on orders over \$10,000.
- Back our parts with 30+ years of product development experience.

Contact our sales team to explore NuWhirl trim components and all of our company's products.
